

“Providing emergency telecommunications services to the humanitarian community”

ETC Situation Report #10

Mali Crisis

Reporting period 22/06/2012 to 28/06/2012

Author: Caroline Teyssier

Highlights:

- The ETC has started deployment of basic security communications services in Mopti and finalized the installation of the COMCEN in Bamako.

Activities/Achievements:

- Additional telecommunications equipment and two Ericsson Response WIDER kits have cleared customs.
- UNDSS provided transport of the first shipment of telecommunications equipment by vehicle to Mopti, and WFP shipped the remaining equipment by truck.
- Two WFP staff (FITTEST and WFP Mali) have commenced the VHF/HF installation at the WFP/UNICEF compound in Mopti on Monday 25 June.
- The lightning protection for the Bamako COMCEN tower is installed.
- The International Radio Trainer (IRT) has provided radio training to over 40 UN Drivers and finalized the Standard Operating Procedures for radio tracking in Bamako.

Challenges and Gaps:

- The ETC operation in Mali is seriously underfunded. However, with the available funds and partners' in-kind contributions, the ETC can support the deployment of security and data communication services in Mopti.
- The request for CERF funding for the ETC response in Mali was not cleared by the HC's office.

Planned Activities:

- A local company will start the tower installation in Mopti next week.
- Radio training for drivers will continue with new Standard Operating Procedures for radio tracking taking place in Bamako.
- The IRT will help with the recruitment of 5 Radio Operators for the Mopti radio room.

- ETC will contact humanitarian organizations to schedule the programming of their radios in due course.
- The ETC is planning to provide ICT services to humanitarian organizations in five common operational areas: Bamako, Mopti, Kayes, Gao and Timbuktu subject to funding and security authorisation. More detailed information is available in the Concept of Operations posted on the ICT HEP Mali forum:
<http://ictemergency.wfp.org/web/ictopr/countries/mali>.

Meetings:

Global ETC information sharing teleconferences for Mali will be scheduled based on the situation on the ground.
