The Emergency Telecommunications Sector (ETS) is planning to provide shared Internet connectivity and security telecommunications-related services to the entire humanitarian community to support their response activities in Libya. The ETS will support the establishment of an inter-agency feedback mechanism to increase accountability to affected populations.

ETS will provide up to

- 6 Emergency communications support services to humanitarian organizations
- 3 Common operational areas

PARTNER ORGANIZATIONS

Supporting the ETS response in Libya

2018 ETS FUNDING APPEAL

100%
