etc EMERGENCY TELECOMMUNICATIONS CLUSTER

ETC ACTIVATED

on 25 May 2023

WFP, as the lead agency of the Emergency Telecommunications Cluster, has been sharing connectivity with humanitarians in Port Sudan since 24 April. Following the activation of the ETC in Sudan, the cluster is working to expand common internet services to new sites in Port Sudan and new locations across the country.

The ETC is planning to provide

📶 Internet connectivity

📱 Security communications services

🛠 ICT Helpdesk

in **10** Common Operational Areas

💬 And explore needs for platforms for communications between humanitarians and the affected population
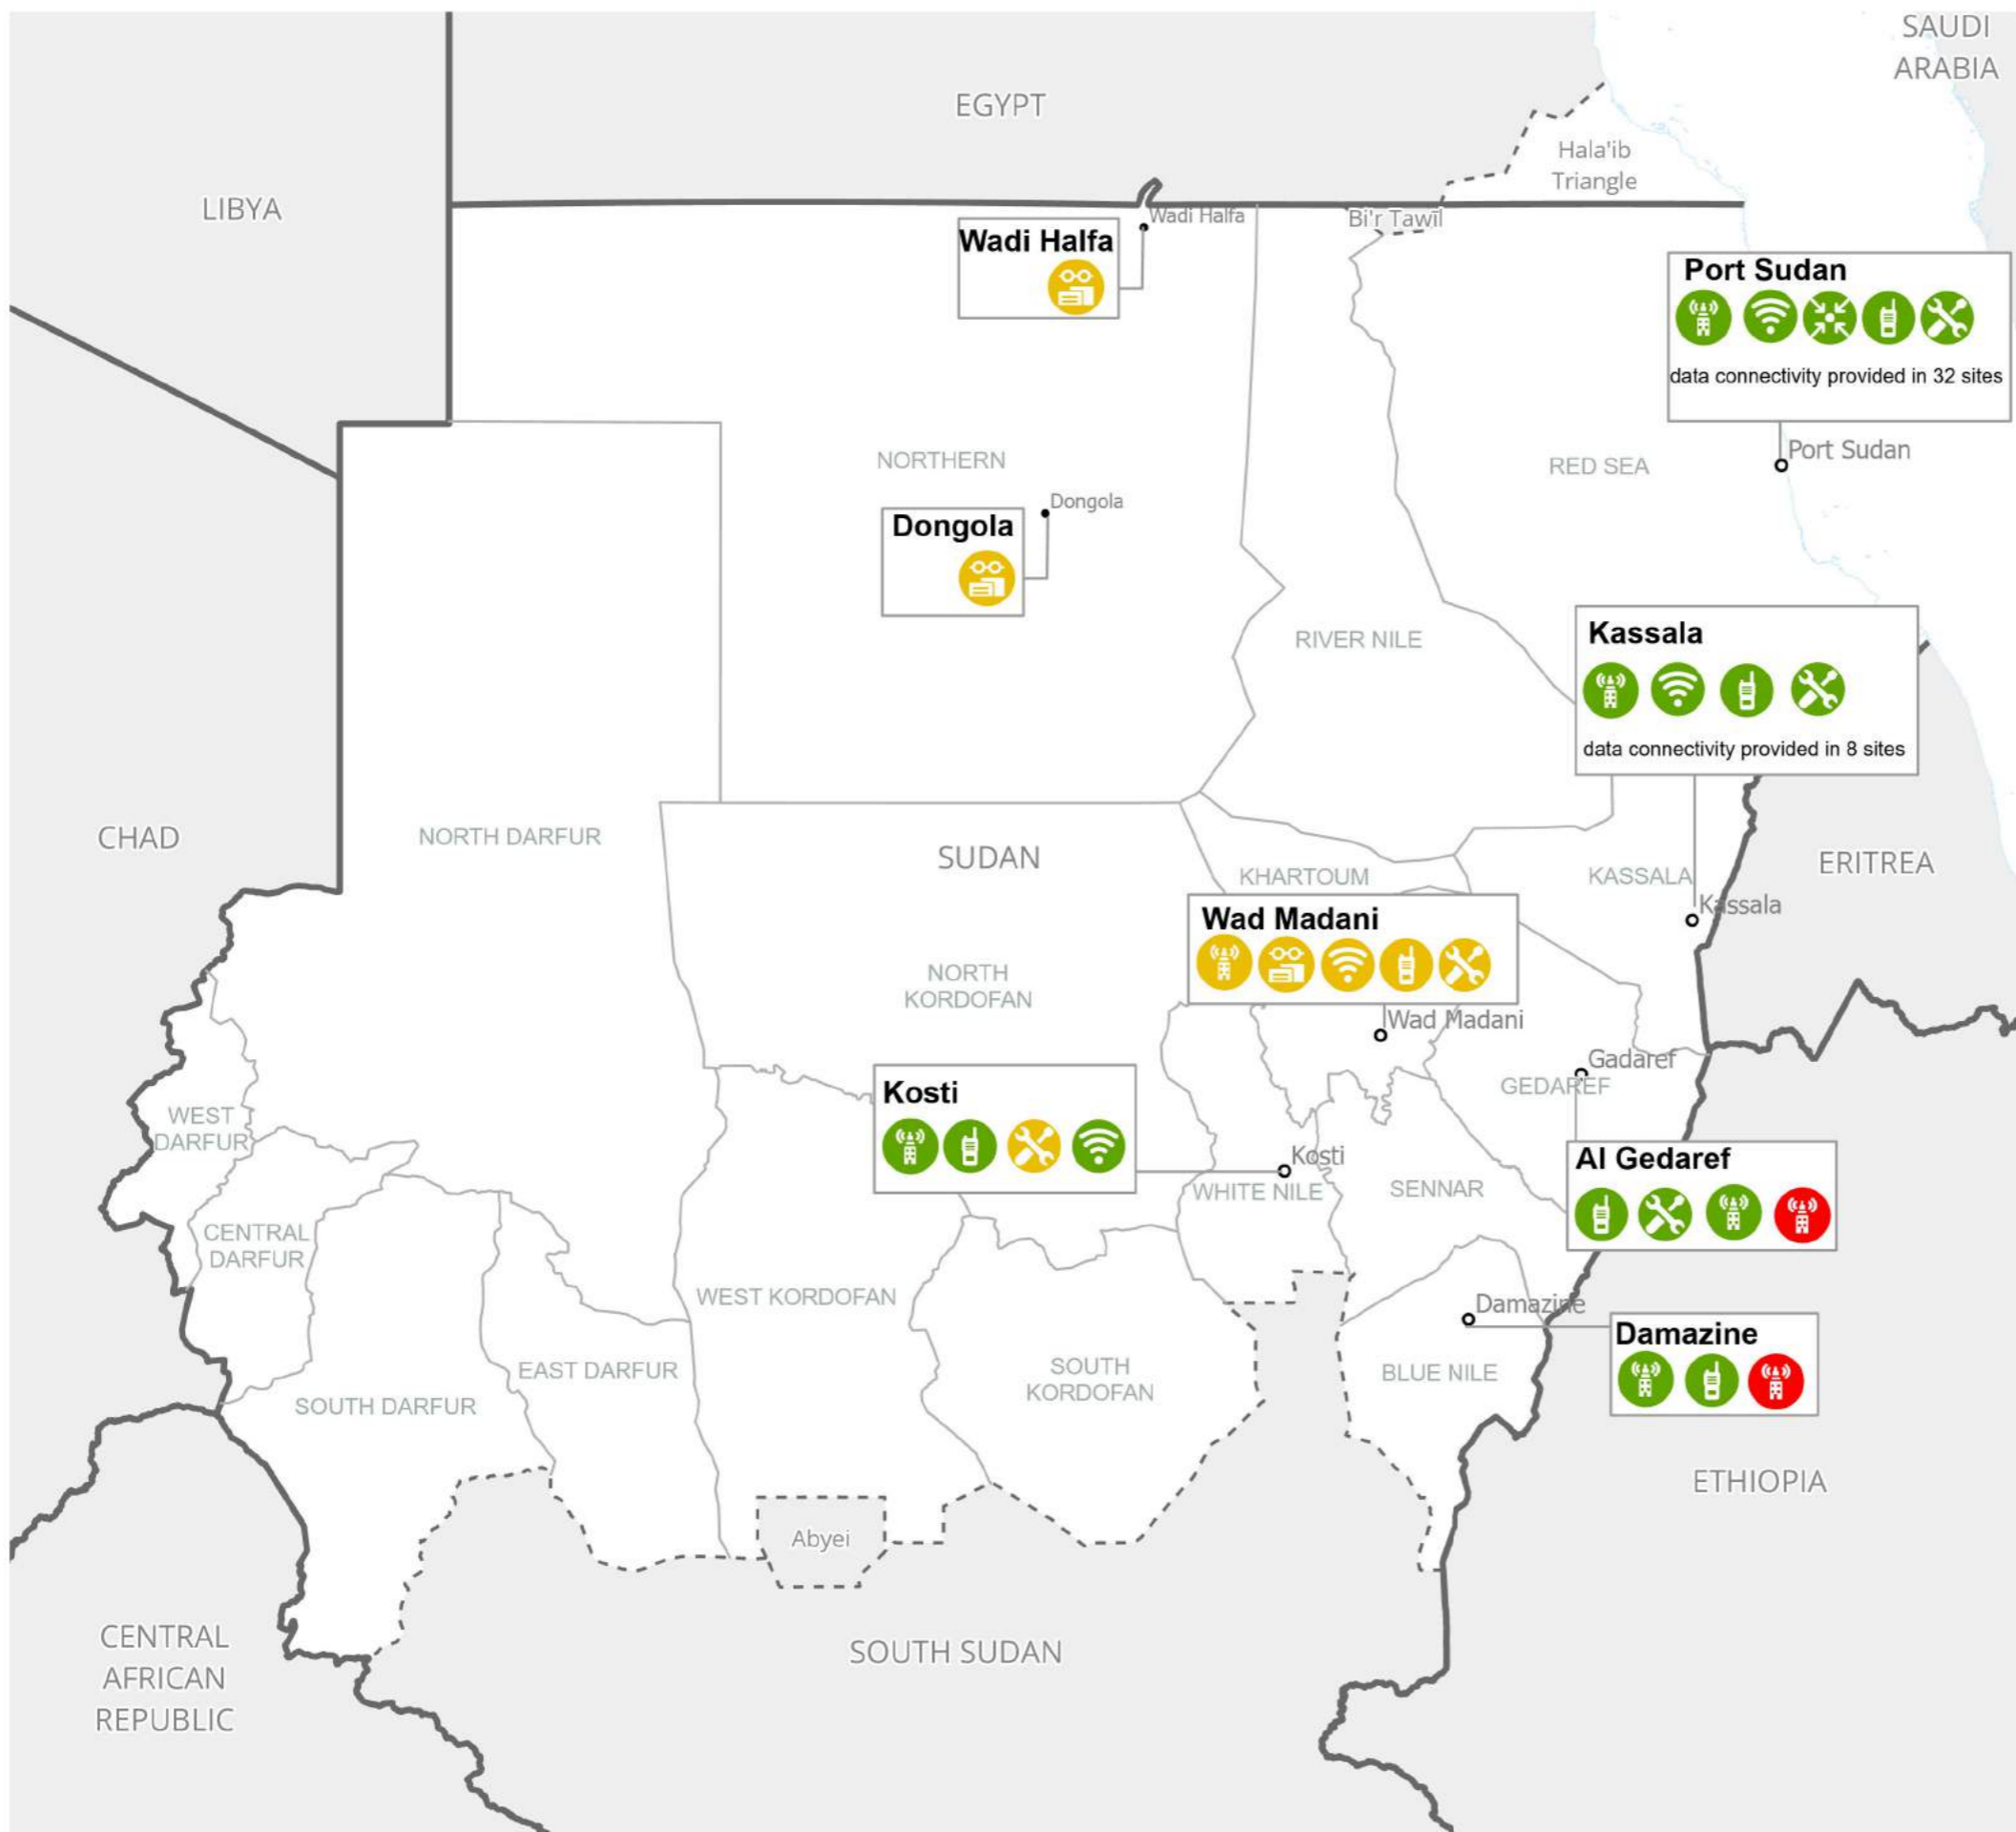

ETC Sudan funding appeal

The ETC requires US$6.3 million in 2024
