

SOUTH SUDAN

Emergency Telecommunications Cluster (ETC)

Republic of South Sudan

Operation - June 01, 2015

The ETC was activated in South Sudan in 2011 to provide security and data telecommunications services to the humanitarian community. WFP is leading ETC activities in RoSS with responsibility for coordination, implementation, and overall operational support for common ICT services

Due to the volatile security situation in South Sudan, some ETC services in 'Hotspot Areas' could be temporarily suspended.
