etc — EMERGENCY TELECOMMUNICATIONS CLUSTER

ETC Activated
on 3 March 2022

The ETC has deployed VHF networks for UN security communications in Dnipro, Kyiv, and Odesa and is working to expand the network to Lviv and Mukachevo and set up a remote SOC system to link the network to UNDSS' Main SOC in Mukachevo. The cluster is also providing secure internet connectivity in three interagency humanitarian workspaces and is facilitating communication with the affected population through the ETC Chatbot

The ETC is providing services in:

5 Common Operational Areas

UNDSS Security Operations Centre (SOC) support

Security Communications

Internet Connectivity

ICT Helpdesk

ETC Chatbot available countrywide

ETC Ukraine 2023 Funding Requirement

100%
Requirement: US $ 1.4 million

ETC Coordinator: Mohamedou Ndiath
IM: Kehinde Adewara

Email: Ukraine.ETC@wfp.org
